

# Abellon CleanEnergy **GREEN** **RECOGNIZED FOR LEADERSHIP**

Abellon has won the **Asia Responsible Entrepreneurship Award (AREA) for 'Green Leadership'** instituted by Enterprise Asia, in recognition of our pioneering initiatives as a committed player in the clean energy segment in India. The award ceremony was held at a glittering function in Mumbai, in the presence of leading lights from industry, government, and other sectors.

**Abellon was the only Indian company to receive this prestigious award.**

Team Abellon is delighted at this honor, and committed to winning many more such accolades in the future.

AREA recognizes and honors Asian Enterprises for outstanding, innovative and world-class products, services, projects and programs. The awards are an annual feature across leading Asian countries, and have been introduced for the first time in India.

Enterprise Asia is a non-governmental think tank for the development of entrepreneurship across the region. The organization has an Asia wide network across Malaysia, Singapore, Hong Kong, Indonesia, China, and other countries, and has recently added India to its list.

"Entrepreneurship is the utmost important element in running a business. The entrepreneurs and businesses that we have recognized today are the torchbearers of the Indian entrepreneurial scene who will shine the path for many upcoming entrepreneurs."

**Datuk Seri Dr Fong Chan Onn,**  
 Chairman of Enterprise Asia and Former Minister of Human Resources in Malaysia
